

400 Equine Stable Cleaner

Since 1948

Let Patz handle your manure so you don't have to!

Reduce or eliminate the need to manually pitch manure/bedding from the stable!

Adapts to many layouts.

- Reduce time spent cleaning your stable.
- Reduce odors.
- Reduce flies.
- Enjoy more time with your horses!

Patz equine stable cleaners automatically convey your manure to a waiting spreader or receptacle.

Performance guaranteed by an outstanding 15-year (5-year full) written chain warranty, backed by a reputable company!

“We installed four systems on our equine hospital. They are very reliable and easy to maintain. We would definitely purchase another Patz stable cleaner if needed.”

-Mike Peel, Maintenance Supervisor Hagyard-Davidson McGee Equine Hospital

Proven Performance You Can Count On!
Patz Corporation

Since 1948

9427 Chopper

Save labor and time—chop and spread a bale quickly and easily!

Save material—each bale covers more area!

Increase absorbency—with uniform coverage.

Long-life, reversible Quadra-Shark® blades!
Patented one-piece, four-point, reversible, serrated blade designed for chopping and long life.

Quadra-Shark® is a registered trademark of Patz Corporation.

Rotor Assembly

The rotor assembly has 20 rotor blades (80 cutting edges) in a spiral mounting to provide fast, efficient cutting. The rotor speed of 2,850 RPMs cuts at a high-volume rate.

- 3 HP single phase electric motor available.
- Transports easily wherever you need it!
- Flip up deck for easy access to rotor.
- Convenient flip up bale rack for carrying extra bale.
- Adjustable discharge doors.
- Additional models available, ask for details.

All controls are grouped together for convenient, easy operation. A (Class ABC Rated) fire extinguisher is standard equipment.
